The following facility was inspected on July 17, 2024 for compliance with Malaysia regulations:

ENVIGO RMS, LLC
1401 SOUTH STOUGHTON ROAD
Madison, Wisconsin, 537162

The facility was found in compliance for the following products as listed under guidelines posted on the IREGs:

Pet Food

Pet food for export to Malaysia contains the following species: no ingredients of animal origin.

This information will be kept on file at the local VS office; it is not entered into the national database.

The facility has been granted APHIS Reference Number: WI-0021.

This exact number should be included on future correspondence with this office regarding this listing. This number may not utilize to indicate that APHIS has listed the facility or products for other purposes.

Please note that the listing is in effect for one year following the last validated inspection and must be renewed annually. In order to retain this listing, the facility must continue to operate under the information provided during the listing process. The facility is subject to unannounced compliance inspections throughout the year to verify this continued compliance.

If you wish to add other sources or materials to the materials considered eligible, the materials and suppliers must be approved beforehand. Please note that any ruminant-origin ingredients (other than dairy-origin ingredients and tallow containing a maximum level of insoluble impurities of 0.15%) used in the manufacture of pet food exported to Malaysia must be sourced from the United States, Australia, and/or New Zealand. Laboratory test results showing the protein free tallow (maximum level of insoluble impurities of 0.15% in weight) must be submitted with the health certificate for endorsement.

Lastly, I would like to remind you that the facility must complete the renewal process no later than July 17, 2025. Please contact this office no later than three months prior to this date to initiate the re-approval process.

Please let me know if you have any questions or concerns.

Sincerely,

Lori Harms, DVM
Veterinary Medical Officer
