Madison, Wisconsin, 53716

The following facilities were inspected on July 17, 2024, for compliance with Korea regulations:

ENVIGO RMS, LLC
1401 SOUTH STOUGHTON ROAD
Madison, Wisconsin, 53716

The facility was found in compliance for the following products as listed under guidelines posted on the IREGs:

Pet Foods (including Fish Food, Nutritional Supplements and Digests) Containing Animal Origin Ingredients: NON-Sterilized Pet Food

Pet food/treats for export to Korea contains the following species: chicken (egg), fish, porcine, and bovine (dairy).

In the case of pet food containing poultry meat or products (including egg products), the poultry meat, products and/or egg products have been treated to ensure destruction of the avian influenza virus.

Please note that the listing is in effect for one year following the last validated inspection and must be renewed annually. In order to retain this listing, the facility must continue to operate under the information provided during the listing process. The facility is subject to unannounced compliance inspections throughout the year to verify this continued compliance.

If you wish to add other sources or materials to the materials considered eligible, the materials and suppliers must be approved beforehand. Please note that all pet food containing ruminant origin items (except for raw hide, milk and milk products) is prohibited import into Korea.

Lastly, I would like to remind you that the facility must complete the renewal process no later than July 17, 2025. Please contact this office no later than three months prior to this date to initiate the renewal process.

Please let me know if you have any questions or concerns.

Sincerely,

Lori Harms, DVM
Veterinary Medical Officer
